Re: Operations Department Update

\*\*\*\*\*

### **OVERVIEW OF PAST MONTH**

1. In the past month we had 4 main line repairs and 1 valve repair. The repairs were in Summit Park, 2 in the Bear Hollow area, 1 by the Temple Har Shalom and a leak on the pump line under the pump house in the Preserve.(see photo of the Bear Hollow area leak and the Preserve pump station).
2. Staff going over the 60% design plans for the treatment plant upgrades.
3. MRW had the Atkinson Well 2 videoed as part of the upgrades and the ASR project.
4. Staff working on site prep for the new Old Ranch Well site.
5. Staff working on facility housekeeping.

### **FOCUS FOR NEXT MONTH:**

1. PRV maintenance
2. Lost Canyon staff working on pump 1 installation and upgrades at Lost Canyon.
3. Work on getting wells installed and back online.
4. Staff working on some electrical issues at a couple of well sites.
