Please Check the First (1st) Box Below that Applies to this Payment:

1 Sole Source Procurement

Check all Boxes Below Accurately Describe the Sole Source Purchase:

Only One Source for Item

Criteria: Compatibility with existing equipment, technology, software, accessories, replacement parts or service

Transitional Costs Unreasonable or Prohibitive

Training, conversion, compatibility, downtime, disruption of service, staff time, installation, ancillary software, hardware, equipment, or construction costs

Chief Procurement Officer Justification:

Check the Box Below that Applies to This Sole Source Purchase:

The total amount of this purchase is less than \$50,000

The total amount of this purchase is \$50,000 or More

2 Emergency Procurement

The procurement must be necessary to "avoid harm or risk of harm to the public health, safety, welfare, or property."

Chief Procurement Officer Justification:

The District discovered that the current transformer is quickly approaching its end of life due to the load it has been carrying. The lead time for most transformers would extend past the District's critical summer usage period. Obtaining this transformer now will allow the District to meet summer water demand that meets summer property and health needs.

Terms & Conditions

By ordering this material you agree to the Terms & Conditions of this quote as outlined below.

Pricing is good for 10 days. All equipment quoted is subject to availability. Pricing is based on quantities and bill of material in the quote. Price to be reviewed if partial order is placed.

Market Volatility Warning: With the volatile transformer market, we reserve the right to adjust the pricing at time of shipment on all orders unless another agreement has been made in writing. UTB will do our best to inform customers of any price changes as far in advance of shipment as possible. If a price change is presented, the customer will have the option to cancel the order with no cancellation fees. Availability & lead times may change without notice due to labor shortage, COVID, or supply ongoing supply chain issues.

For information on warranty T&C's, please visit UTBTransformers.com/resources/

UTB is not responsible for consequential, special, incidental, or indirect damages of any nature or kind, including but not limited to delays in delivery, loss of production, loss of profit, and cost of power purchases, whether those damages are claimed in contract, negligence, strict or products liability, or otherwise. Any resulting litigation associated with these terms & conditions shall be conducted in the State of Utah.

Market Volatility Warning: Availability, pricing, and lead times are subject to change without notice. If material is ordered from this quote, UTB will do it's best to hold the lead time and pricing quoted, but it is not guaranteed unless otherwise agreed upon in writing.

All orders are non-cancellable, non-returnable unless an agreement is worked out by Customer and UTB. Conditions of any returns will be specified by UTB.

UTB will make a good faith effort to complete delivery of the products and services on the scheduled date, but UTB assumes no responsibility or liability for inability to deliver for reasons beyond their control, unless otherwise agreed in writing. The seller is not liable for any incidental, consequential or liquidated damages arising from delays or failure to give notice of delay.

Discrepancies between the drawings/specifications provided by the customer, and this bill of material, are the responsibility of the customer.

This sale is expressly conditioned upon Customer's acceptance of the terms and conditions stated above. If not previously given, Customer's payment or receipt of Product, whichever occurs first, is conclusive to this acceptance.

Market Volatility Warning: Availability, pricing, and lead times are subject to change without notice. If material is ordered from this quote, UTB will do its best to hold the lead time and pricing quoted, but it is not guaranteed unless otherwise agreed upon in writing.
